Thank you. Sounds like a great project!

Your short-term application will be considered withdrawn and removed from further processing.

Thanks again,

Tom

Hi Tom,

Thanks for getting in touch. When we were unable to secure a temporary water right, we found an alternate means of providing water to the plants. We no longer need the temporary water right for Reecer Creek.

Becca

Subject: Short-term water use application S4-33043

Hello Ms. Wassell,

In looking over some applications for short-term use of water, I see that the intent for Application S4-33043T was for the fall of 2011 only. You are listed as the contact person on the application. This application proposes to use water from Reecer Creek to establish native vegetation as part of a habitat enhancement project. Can you tell me if the work has been completed or is there still a need for processing this application?

Attached is a pdf of the application.

Thank you,

Re: Water Right Application No. S4-33043

Dear Ms. Wassell:

We have received your application for a water right and have assigned it the number shown above. Please use this number in future communications with our office.

Please note that construction of your water system and water use should begin only after you have received written authorization from Ecology.

If you have any questions, please contact Teresa Mitchell at 509-575-2597.

Sincerely,

Mark Kemner, LHG
